WHAT YOU CAN DO

1 Appeal your property tax assessment

Contact the Collin County Appraisal District before the appeal deadline (typically 30–90 days after your assessment notice). Filing an appeal can reduce your taxable value and lower future escrow requirements.

2 Shop for homeowner's insurance

Your insurance premium increased by \$350 this year. You are free to switch carriers at any time. New policy details must be sent to Clairo Mortgage Services at insurance@clairo.example.com at least 30 days before renewal.

3 Pay your escrow surplus or apply it as a credit

Your \$610.92 surplus will be refunded by cheque within 30 days. Alternatively, call us to apply it as a credit toward your next payment.

4 Review homestead or senior exemptions

Texas homeowners may qualify for homestead, over-65, disability, or veteran exemptions that reduce the taxable value of your property. Contact your county appraisal district to verify eligibility.
